

LIGHTING CONTROL SOLUTIONS

Top Picks for Lasting Success

Lighting Control Solutions

The Lighting Control solutions offer a comprehensive range of products, from advanced smart dimmers to traditional dimmers and integrated nightlights. Engineered for exceptional performance, our solutions are tailored to meet the diverse needs of any home. Whether you're looking for smart control, compatibility with homes without neutral wiring, or seamless integration with various lighting systems, we have the perfect option for you.

Night light

• GFCI Receptacle with Night Light

This GFCI outlet with a built-in nightlight offers added convenience for bathrooms and hallways. Its slim profile and durable design ensure easy installation and lasting reliability.

• GFCI Receptacle with Night Light and USB Ports

This GFCI outlet features a built-in night light that automatically turns on in the dark, providing enhanced safety and convenience. Its compact design fits standard wiring boxes without requiring extra depth, ensuring easy installation.

• Receptacle with Night Light

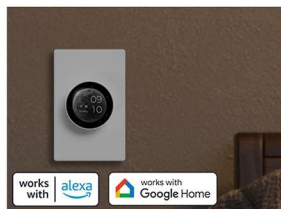

This outlet features a built-in, auto-adjusting night light, perfect for bedrooms and hallways. The dimmable night light offers adjustable brightness levels to suit different room needs or personal comfort.

Dimmer

• Smart Dimmer

First Solution for Smart Control Home

Easily control your lights with Amazon Alexa, Google Assistant, or the ELEGRP Home App. Set schedules to automate lighting based on your daily routines, bringing smart convenience to your home.

• High End Dimmer

Premium Option for No-Neutral Wire Applications

No neutral wire required, making installation quick and simple for both new and retrofit setups. With Companion Dimmer support, control your lights from multiple locations, while enjoying flicker-free, hum-free lighting.

• High Performace Dimmer

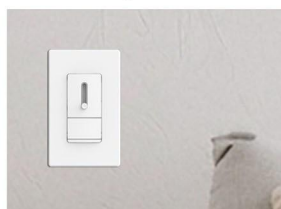

Advanced Option for Neutral Wire Applications

The ultra-slim design fits effortlessly into electrical boxes, ensuring easy installation. Compatible with most LED bulbs, it features a sleek, matte surface that complements modern décor.

• Entry Level Dimmer

Classic Option for Traditional Dimming

A classic design with a locator light for easy use in the dark. Enjoy smooth fade-on/-fade-off functionality and compatibility with a wide range of LEDs, supporting both single-pole and 3-way control.
