

## SMART ROTARY DIMMER SWITCH

### FEATURES

- Provide unparalleled interactive experience with a crystal-clear LCD screen and smooth dial control. Effortlessly shift options and achieve smooth dimming by simply rotating the dial. Enjoy delightful ambience on different occasions with wide dimming range. Compatible with dimmable LED/CFL, incandescent and halogen light bulbs. Neutral Wire is required.
- Control from anywhere: Monitor your light status. Turn electronics on and off from anywhere with your smartphone using the ELEGRP HOME App, whether you are at home, in the office or on vacation.
- Voice control: Enjoy the hands-free convenience of controlling the lights in your home with your voice via Amazon Alexa or Google Assistant; perfect for times when your hands are full or entering a dark room.
- Create schedules (timer or countdown) to automatically turn on and off the light based on everyday routines or to simulate occupancy while you are on vacation to trick potential intruders.
