

Dual Type-C with 45W PD3.0 In-Wall Charger

FEATURES

- Provide up to 45W maximum output from a single port for high-power devices like laptops,deliver 20W + 20W fast charging simultaneously when both ports are in use.
- Exclusive SnapON™ technology delivers more than speed: it charges fast, protects batteries, and sustains power smartly.
- Support all major fast-charging protocols (USB PD 3.0, PPS, QC, AFC, FCP, SCP) for broad device compatibility.
- Protect with built-in safety featuring overload/overheat protection, tamper-resistant shutters, and UL listing.
- Replace multiple bulky chargers with a single, clean in-wall solution,connect Type-C devices directly (no traditional power adapter needed).
- Fit all plugs seamlessly (straight or angled) without blocking the adjacent outlet.
- Build with responsibility using GRS & CPF certified materials and processes.

SPECIFICATIONS

Model: ERU2345CC1A/ERU2345CC2A

Application	Small offices, Conference rooms, Lounges, Classrooms	USB Type	Type C
Mounting	Wall Switch Mounting, Ceiling Mounting, Floor Mounting	USB Quantity	2
Outlet Box Size	Standard Outlet box, depth min 76mm / 3 inch	USB 1 Single Port	45W max
Grade	Commercial	USB 2 Single Port	45W max
Type	Decorative Receptacle	Dual Port Working Simultaneous	20W for Each Port
Finish	Matte	USB Protocol	PD 3.0,OC3.0,BC.12,Apple 2.4A Samsung 2.0A/ AFC, Huawei FCP/SCP
Wallplate	Plastic Screwless Wallplate Included	Compatibility	Galaxy S24 Ultra, Pixel 10 Pro XL, Note 20/10+, iPhone 17/Pro, and all other electronic devices
Input Voltage	125V 60Hz		
Power Outlet Ratings	15A-125V/20A-125V Optional
