HMW240002P2

## EXTRA DUTY 2-Gang Weatherproof in-Use Outlet Cover

### FEATURES

- Extra-Duty Rated: Complies with 2014 NEC 406.9(B) for outdoor "in-use" applications.
- Durable Construction: Made from high-impact polycarbonate for long-lasting performance.
- Multi-Depth Options: Available in standard depth (3.8") and super depth (5.3") to accommodate a wide range of devices.
- Versatile Design: 40-in-1 multi-configuration system allows compatibility with a variety of outlets, including GFCI, duplex, toggle, and decorator switches.
- Convenient Operation: Clear cover opens up to 120° for easy access and visibility.
- Easy Installation: Includes pre-installed gasket and mounting hardware for a quick and secure setup.
- Pre-Configured for GFCI: Built-in Knockout Technology allows easy conversion for alternate devices.
- Safety Locking Tab: Integrated lockable latch enhances tamper resistance and safety.
- Weather Resistant: Meets NEMA 3R requirements for outdoor use.
- cETL Listed for verified safety and performance.

### 40 in 1 CONFIGURATIONS
